

## PE and Sports Premium for Primary Schools

### Sport Premium Overview 18-19

***Additional primary school sports funding is used effectively to provide expertise to support teaching . A specialist coach works alongside teachers to help develop their skills in teaching physical education and promote the importance of pupils' exercise and well-being. Pupils' enjoyment and participation have risen significantly as a result, as has teaching quality. Pupils now participate in a wide range of physical activities after school. Funding has also been used to provide additional sports equipment and dedicated activity areas for each year group. (Ofsted June 2015)***

We have welcomed the Government's announcement in June 2013 to provide additional funding to improve provision of physical education (PE) and sport in primary schools. We are committed to using this resource in developing high quality PE lessons, alongside greater opportunities for sporting competitions and clubs all our young people.

### Our Vision

At Grange Lane Infant Academy, we aim to provide children with a safe, supportive and inclusive environment in which they can develop their independence, team work skills and ambition within Physical Education, through fun, stimulating activities, enabling them to lead healthy, active lifestyles.

### Aims

- To promote enjoyment of physical activity and healthy lifestyle
- To develop a knowledge of safety
- To promote positive attitudes and provide life-long skills to lead to a healthy lifestyle
- To develop team work skills, fair play and sportsmanship
- To develop confidence and self esteem
- To provide equal opportunities for all
- To discover children's interests and talents

### **What does the Sport Premium mean for my School?**

*'Schools must spend the additional funding on improving their provision of PE and sport, but they will have the freedom to choose how they do this' (DfE June 2013).*

We are working closely with Mini Kicks who provide sessions with all of our children and training for our staff. We have identified key areas through a self-review process to ensure we can meet the high expectations in PE and Sport for our children. We are also working closely with Motor On who provide interventions for children who need support with fine motor skills or to develop their social skills. In order to include the EYFS pupils we supplement the Sports Premium Grant to give them the best possible start.

## Sport Premium Grant

Total no of primary aged pupils between the ages of 4-7 on role (September 2018)	137
Total amount of Sport Premium Grant received annually	£16870 ( estimated)

## High Quality Physical Education: Raising standards of all our children in Physical education

- Regular specialist support from qualified PE teachers or qualified sports coaches working with teachers to achieve high quality teaching and learning in lessons.
- CPD opportunities for teachers in national and bespoke programmes in PE & Sport.
- Professional quality assured teaching modules & materials for PE & Sport
- Affiliation to National and Local PE organisations
- Regular PE teaching from specialists in order to train staff and enrich the curriculum for example Mini Kicks and Motor On
- Involving parents in Physical Education through activities such as 'Healthy Bootcamp'.

## Competitive School Sport: Increasing pupils' participation in extra- curricular sport

- Inclusive competitive opportunities
- Support with intra and inter school competition co-ordination and delivery
- Organised competitions at local level

## Healthy Active Lifestyles: Ensuring all our children have access to regular exercise

- School based Health programmes and intervention strategies, especially for 'inactive' young people
- Playground Mini Leaders training.
- Chartwells our school meal providers help us to promote healthy lifestyles with food workshop, for example making fruit kebabs.

**In addition**, we have provided trim trails/physical activity centres for each classroom and subsidised after school clubs as well as resourcing our areas carefully with physical development in mind.

**Sustainability:** The training provided to all staff at all levels and the prominence placed upon health and well- being within the academy, ensures that staff are fully upskilled to be able to continue to deliver both high quality PE sessions and fine and gross motor skills sessions to all pupils within the academy and for years to come
